

Visiting Capitol Hill

How do I get there? Use public transportation. Parking is limited and rather expensive if you find a slot.

What should I wear? Business clothing will do you in just about anywhere! Dress for success but wear comfortable walking shoes -- lots of stairs and corridors.

How much money should I bring? Little as possible.

You won't need much. \$10 for lunch and the gift shops take debit and credit cards.

Visiting Capitol Hill

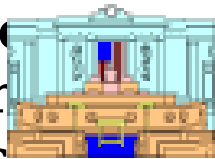

What should I see? Visit your Senator and your House representative. While there, pick up your Chamber pass.

(You must have a pass to get into the Chamber.) Visit either the House or Senate Chamber (or both), drop in on a few committee meetings. Don't forget to visit the gift shop!

Tip: You will go through security before entering the Chamber.

You will check everything minus billfold or purse.

(Check your purse for electronic gadgets, to include car keys - they must be checked in.)

There is no talking, taking notes, nor standing while in the Chamber!
